

**HOTEL**

Hotel guests are invited to enjoy the tranquility and stay in separate cottages situated within 40 ha of park territory.

With 18 stylishly designed modern cottages tastefully arranged on a pine-covered hillside overlooking a lake, plus 20 guest rooms in two conference houses, everything is easily accessible in a single location. The hotel may accommodate up to 130 guests at once. Each cottage is made from natural materials, allowing them to blend in with the surroundings, and each has a glass-walled façade and its own sun-dappled terrace – where the in-house restaurant can bring your own grill.
